**Re: Duquesne Light Company – Results for the March 14, 2022, Request for Proposals**

Dear Mr. Peoples:

On March 15, 2022, CRA International, Inc. d/b/a Charles River Associates filed Duquesne Light Company's (DLC) results of its DSP IX procurement process and rules for the March 2022 Solicitation for DLC's default service customers. The filing includes bid results for a Full Requirements RFP for the supply for residential, small commercial & industrial (C&I), and medium C&I customers who will receive default service from DLC within the period June 1, 2022, through May 31, 2024. The March 2022 Solicitation results also include one product in an Hourly Price Auction for DLC's large C&I customers for the 12-month period June 1, 2022, through May 31, 2023. All products were procured via declining clock auctions.

This filing was submitted in accordance with the RFP Process and Rules that were approved as modified by the Commission's Order, entered January 14, 2021, and modified on February 24, 2022<sup>1</sup>. DLC requests that the Commission approve the bid results of the March 2022 Solicitation on or before March 16, 2022.

Further investigation does not appear to be warranted at this time, since the results of the March 2022 Solicitation appear to have been conducted in accordance with the RFP Process and Rules as approved by the Commission.

Therefore, we direct DLC to disclose the results of this March 2022 Solicitation in accordance with the Commission's Secretarial Letter in Re: Disclosure of Default Service Solicitation Results and Creation of a Default Service Rate Calculation Model, issued October 12, 2010, at Docket No. M-2009-2082042.
